

Evan Wright

Machine Learning Engineer

+1 (555) 222 1111
✉ evan.wright@example.com

Summary

Innovative Machine Learning Engineer specializing in developing and deploying scalable AI models. Expertise in deep learning frameworks and MLOps practices. Dedicated to bridging the gap between research and production environments.

Experience

- 2023–Present **Machine Learning Engineer**, *AI Innovations*, Boston, MA
- Trained and fine-tuned deep learning models for image recognition using PyTorch and TensorFlow.
 - Deployed models into production environments using FastAPI and Docker containers.
 - Managed the ML lifecycle and tracked experiments utilizing MLflow.
- 2021–2023 **AI Researcher**, *Tech University Lab*, Boston, MA
- Conducted research on Natural Language Processing (NLP) techniques.
 - Utilized Hugging Face transformers to build prototype LLM applications.
 - Programmed extensive data pipelines using Python and SQL.

Education

- 2019–2021 **M.S. in Artificial Intelligence**, *Massachusetts Institute of Technology*, Cambridge
- 2015–2019 **B.S. in Computer Engineering**, *Boston University*, Boston

Technical Skills

- Languages Python, SQL, C++
- ML/AI Machine Learning, Deep Learning, PyTorch, TensorFlow, Scikit-Learn, NLP, LLM, Hugging Face
- De- Docker, FastAPI, MLflow, Linux, Git
- vOps/Tools
